Location: 4/19/2018 - Senate committee on business, professions, and economic development

Support: None

Oppose: None

Summary: Would abolish the California Industrial Development Financing Advisory Commission, and would make conforming changes to that effect. The bill would also provide that "tax-exempt" for purposes of the act includes that the interest on the bonds is otherwise entitled to any federal tax advantage. This bill would modify the definition of a small business for purposes of the ADA program to instead mean a business that is independently owned and operated and not dominant in its field, and that has 30 or fewer full-time employees or that has less than \$5,000,000 in total gross annual income from all sources.

Last Amend: 5/10/2018

Status: 5/14/2018-Read second time. Ordered to third reading. Re-referred to Com. on APPR. pursuant to Joint Rule 10.5.

Calendar: 5/23/2018 9 a.m. - State Capitol, Room 4202 ASSEMBLY APPROPRIATIONS, GONZALEZ FLETCHER, Chair

Summary: Would require a local agency to provide specified reductions in required parking for certain development projects in which a designated historical resource, as defined in the bill, is being converted or adapted, unless otherwise required by local ordinance. Because the bill imposes new duties on local agencies, the bill would impose a state-mandated local program.

[AB 2531](#) ([Gallagher R](#)) Access to judicial and nonjudicial proceedings: hearing impaired.

Support: California Court Reporters Association (CCRA) (sponsor)

Calendar: 6/12/2018 1:30 p.m. - Room 112 SENATE JUDICIARY, JACKSON, Chair

Summary: Current law requires that a participant in any civil or criminal proceeding, court-ordered or court-provided alternative dispute resolution, or administrative hearing of a public agency, who is hearing impaired be provided with a functioning assistive listening system or a computer-aided transcription system, upon his or her request. Current law requires, if a computer-aided transcription system is requested, sufficient display terminals be provided to allow the hearing impaired individual to read the real-time transcript of the proceeding without difficulty. This bill would require an individual requiring the services of an operator of a computer-aided transcription system to give advance notice of this need, as specified, and would require the operator to provide the speech-to-text equipment to be used, unless otherwise provided by the court.

AB 2806 (Obernolte R) Vehicles: disabled parking.

Current Text: Introduced: 2/16/2018 [html](#) [pdf](#)

Support: None

Oppose: None

Summary: Current law makes it an offense for a person to park or leave standing a vehicle in a stall or space designated for electric vehicle charging unless the vehicle is connected for electric charging purposes. This bill would make an exception to that prohibition by authorizing a vehicle identified with a specified disability license plate or distinguishing placard and equipped with a lift, ramp, or other assistive device used for loading or unloading a person with a disability to park in a stall or space designated for electric vehicle charging without being connected for electric charging purposes if the equipment has been or will be used for loading or unloading a person with a disability from the parked vehicle.

AB 2958 (Quirk D) State bodies: meetings: teleconference.

Current Text: Amended: 4/25/2018 [html](#) [pdf](#)

Oppose: California News Publishers Association

Summary: The Bagley-Keene Open Meeting Act requires, with specified exceptions, that all meetings of a state body, as defined, be open and public, and all persons be permitted to attend any meeting of a state body, except as provided. Current law, among other things, requires a state body that elects to conduct a meeting or proceeding by teleconference to post agendas at all teleconference locations, to identify each teleconference location in the notice and agenda, and to make each teleconference location accessible to the public. Existing law requires the agenda to provide an opportunity for members of the public to address the state body directly at each teleconference location, as specified. This bill, for an advisory board, advisory commission, advisory committee, advisory subcommittee, or similar multimember advisory body that does not have rulemaking or voting authority, would instead require a member of a state body participating by teleconference to be listed in the meeting minutes.

AB 2994 (Holden D) Building standards: public restrooms: grab bars: ambulatory accessible toilet compartments.

Current Text: Amended: 4/30/2018 [html](#) [pdf](#)

Summary: The California Building Standards Law provides for the adoption of building standards by state agencies by requiring all state agencies that adopt or propose any building standard to submit the building standard to the California Building Standards Commission for approval or adoption. This bill would require the commission, in the next triennial adoption process of the California Building Standards Code, to adopt standards requiring newly constructed public restrooms to be equipped with grab bars.

Calendar: 6/12/2018 1:30 p.m. - Room 112 SENATE JUDICIARY, JACKSON, Chair

Summary: Existing law also requires each city, county, or city and county to provide applicants for a business license or equivalent instrument or permit with certain information regarding compliance with disability access provisions under federal and state law, including information on legal obligations from specified state agencies. This bill would require the above local jurisdictions issuing building permits for commercial construction to make available a notice containing specified information regarding disability access. This bill would prohibit a cause of action on the basis of a construction-related access barrier in an existing public accommodation by an individual who alleges to have been aggrieved by the existence of the access barrier from accruing unless specified conditions are met, including that a written notice has been sent to the owner and operator, as specified.
